
Larsen & Toubro achieved Consolidated Revenues of ₹ 55,128 crore for the quarter ended December 31, 2023 recording a y-o-y growth of 19%, aided by ramp up in execution of the strong order book in the Projects and Manufacturing portfolio. International revenues during the quarter at ₹ 24,300 crore constituted 44% of the total revenue.

For the nine months ended December 31, 2023, the Consolidated Revenues at ₹ 154,034 crore recorded a y

The EBITDA margin of the segment during the quarter ended December 31, 2023 was at 5.5% vis-à-vis 7.0% recorded in the corresponding quarter of the previous year. Margin for the quarter reflects continuing cost pressures in a few legacy projects that are now nearing completion.

The Energy Projects segment secured orders valued at ₹ 13,281 crore during the quarter ended December 31, 2023, registering 47% growth on y-o-y basis with receipt of a mega order in Offshore vertical of Hydrocarbon business. International order inflow constituted 93% of the total order inflow during the quarter.

The segment order book stood at ₹ 112,777 crore as on December 31, 2023, with the international order book constituting 81%.

The segment achieved customer revenues of ₹ 7,864 crore during the quarter ended December 31, 2023, recording growth of 24% over the corresponding quarter of the previous year, majorly attributed to planned execution ramp up in international projects in the Hydrocarbon business. International revenues had a share of 63% of the total customer revenues for the quarter.

The EBITDA margin of the segment at 9.7% for the quarter ended December 31, 2023 improved compared to 8.7% over the corresponding quarter of the previous year, mainly on account of job savings in Hydrocarbon and customer claim settlements in the Power business.

The Hi

The segment recorded customer revenues of ₹ 11,196 crore for the quarter ended December 31, 2023, registering a modest y-o-y growth of 5%, reflecting growth headwinds in the IT&TS sector. International billing contributed 93% of the total customer revenues of the segment for the quarter ended December 31, 2023. The aggregated revenue of the two listed subsidiaries (LTMindtree and L&T Technology Services) in this segment at USD 1,374 Mn registered y-o-y growth of 5% in USD terms.

The EBITDA margin for the segment was at 20.7% for the quarter ended December 31, 2023 as compared to 18.9% in the corresponding quarter of the previous year. The improved segment margin reflects better resource utilization and operational efficiencies.

The segment reflects the performance of L&T Finance Holdings (LTFH), a listed subsidiary. The segment recorded income from operations at ₹ 3,407 crore during the quarter ended December 31, 2023, registering growth of 2% y-o-y basis, mainly attributed to higher disbursement in retail business, in line with its strategy of retailisation of the loan book.
